Logic was searching for:

**1**

Improving customer satisfaction to their three types of customers: insignia, stores or the final customer

**2**

Fleblity to increase or reduce operations according to their seasonal needs

**3**

A reliable and robust solution that improves operational performance, through real time monitoring and reporting

"Logic was looking for a partner, recognized in the market, that could give us a robust, adaptable, and scalable solution that met our needs."

Pilar Rodrigues – Post Sales Manager, Logic

## ALTITUDE XPERIENCE ENGAGEMENT ALLOWS LOGIC TO ANSWER SPECIFIC NEEDS, SUCH AS SEASONAL CAMPAIGNS, IN A VERY AGILE WAY

Project started January 2017, during high season, and it was completed in record time

Training time was approximately 1 week for the first agents

Agents were added as necessary during peak season

No disruption in the contact center operation

Handle approximately 700 interactions daily: voice and email

Reduced answer times to all interactions

“Altitude Xperience Engagement is a robust, adaptive tool with a reporting functionality totally adaptable to Logic’s KPI measurement and process analysis.”

Pedro Farinha – IT Manager, Logic
